

Welcome.

GLAD YOU'RE HERE!

Very excited to be meeting again in person this year and thankful that you will get to be part of our event!

This welcome packet is designed to get you prepped for all we have planned for our annual meeting. [Click here](#) to visit our website full of important links and registration information.

RPUG is also happy to announce the return of the Navigator Program! The Navigator Program is intended to help all RPUG meeting attendees feel welcomed and included, and promote a sense of community within the RPUG. The program includes two elements:

First, the program helps new conference attendees aka "Explorers" (or any attendee really) navigate the conference with one-on-one access to a "Navigator." The Navigator is another meeting attendee who is available to support you before and during the conference.

Second, attendees with yellow ribbons on their name tags are available at the meeting to help with technical, administrative, and logistical questions during the meeting. Please feel free to ask them questions. They won't always know the answers, but they are ready to introduce you to someone who will.

The Navigator Program is completely voluntary, available to anyone who signs up, and Explorers are not obligated to interact with their Navigator during the RPUG conference. It is up to you to determine how much or little you would like to rely on your Navigator!

More information on the Navigator Program can be found on the following page.

WELCOME TO RPUG!

The RPUG Steering Committee

RPUG Navigator Program

A VOLUNTARY RESOURCE TO GET YOU PLUGGED IN

Whether or not you've been to an RPUG meeting before, the purpose of a Navigator is to provide resources to make your meeting productive and enjoyable. Some of these resources include:

INTRODUCTIONS

Navigators will introduce themselves to you prior to the conference and answer any initial questions you might have leading up to the meeting.

NETWORKING OPPORTUNITIES

Navigators are RPUG veterans knowledgeable about the meeting and industry to help introduce you to people and technologies that might interest you.

INFORMAL GET-TOGETHERS DURING BREAKS

Should you desire, your Navigator can arrange to meetup with you throughout the conference to ensure your experience is optimized.

ANSWERS TO QUESTIONS

Your Navigator is an excellent resource to get both technical and general questions answered in a timely manner.

SHARING IDEAS

New attendees often have great ideas on new approaches or best practices, so Navigators try to find ways to get you engaged and learn from your experience!

Signing Up Is Just A Click Away
